360-340

Aluminum Lamb Table– This light-weight table is great for fitting at shows. All aluminum.

360-350

Hybrid Lamb Table– This table is constructed of aluminum. The legs and head piece are constructed of steel.

360-360

Steel Lamb Table– Ideal for home use. The entire unit is constructed of steel and painted.

360-370

Aluminum Trim Chute– This portable trim chute is ideal when fitting is required from home. Taller than most on the market (over 6' clearance), this 7' long X 32" wide trim chute gives room for the fitter to work. Back of chute has handles that allow for lifting and front has rolling wheels. Spring loaded side bars are adjustable at three points vertically and horizontally. Spring loaded latch on head gate is adjustable at 5 points. Folds down for easy transport.

360-380

Steel Trim Chute– Ideal for home use. The entire unit is constructed of steel and painted. It has all the features of the aluminum chute just less expensive.

360-390

Padded Chute Floor– This 6" padded floors gives comfort to the animal and fitter.

360-320

Galvanized Fan Cage— Constructed from 16 gauge 2" material. This will hold up long term at about half the cost of aluminum. Adjust from 8' to 14' allowing to stall 2 to 4 animals. Front has 4 ties and measures 6' 2" tall. Back has 4 fan brackets and measures 7' tall. Side panels have the bottom 10" in sheet metal. The vertical braces on the side panels are saddled and fitted for extra strength.

360-330

Aluminum Fan Cage— When portability is desired this aluminum fan cage is the answer. Complete with 4 head ties and fan brackets. Adjust from 8' to 14'. Has the same clearance as the galvanized model. The aluminum square tubing has a radius to present a smooth surface. The diamond plate bottom sheeting helps set off your presentation of cattle at shows. Built better than any you will find.

360-300

3' Show Box— This 10 1/2" deep 20 Ga. Galvanized box is ideal for goats & lambs. These show boxes are different than others, because of the shelving is welded in place, and the tops have smooth corners.

360-310

4' Show Box— This 10 1/2" deep 20 Ga. Galvanized box is ideal for hogs. Built as durable as any box on the market today.
